# Maths Homework Y5 Mr Masingiri <br> Date set: 24/11/20 <br> Date due: 30/11/20 <br> You need to complete both sections 

Section $1-$

1. $10,700-6,739=3,961$
2. $8 \times 7=56$
3. $37,565-21,731=15,834$
4. Double $13,750=27,500$
5. $5 \times 8=10 \times 4$
6. For England's 1000 th match, the
temperature outside Wembley Stadium is
measured at $-6^{\circ} \mathrm{C}$. Inside the stadium, it is
13 degrees warmer. What is the
temperature in the stadium?
It is $7^{\circ} \mathrm{C}$ inside the stadium

Section 2 -

1. Write the next 3 numbers in this sequence:

$$
\begin{array}{llllll}
134 & 84 & 34 & -16 & -66 & -116
\end{array}
$$

3. $80,000+$ two thousand +36 tens $=$ 82,320
4. $4,906 \times 10=49,060$
5. $9 \times 567=5,103$
