

# FEELING HAPPY

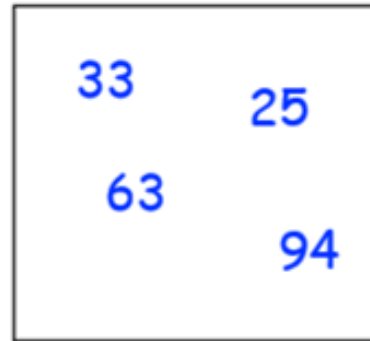

1

Circle one number from each box that multiply together to give an answer between 400 and 500.

Box 1

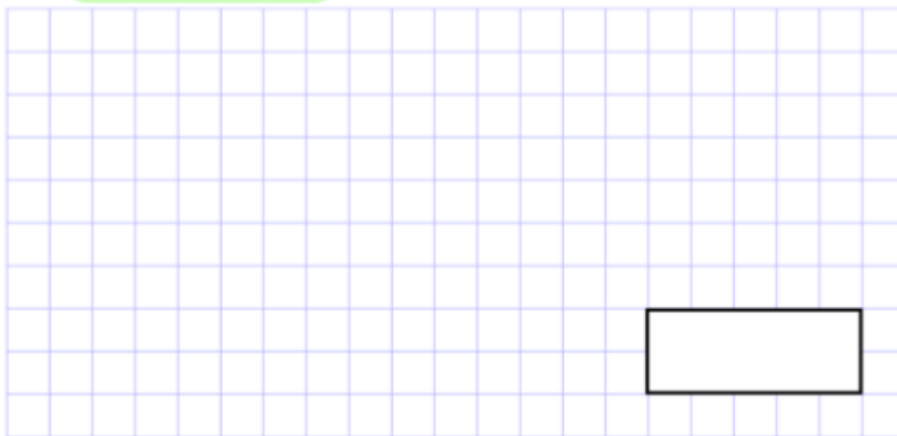

Box 2

For this question you may have to try several combinations of numbers before you find the correct calculation. Please show all your workings out!

2

$$43 \times 35$$

3

Work out these calculations to find the missing number.

(a)  $17 \times 14 = 23$

(b)  $33 \times 18 = 59$

Psst! There are 31 days in May!

4

Felicity spends 45 minutes reading every day.

How long does Felicity spend reading during the month of May?

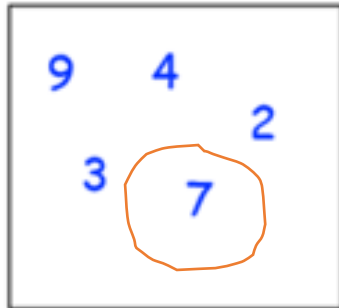

# FEELING HAPPY

## ANSWERS

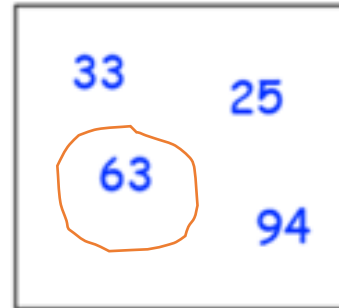

1

Circle one number from each box that multiply together to give an answer between 400 and 500.

Box 1

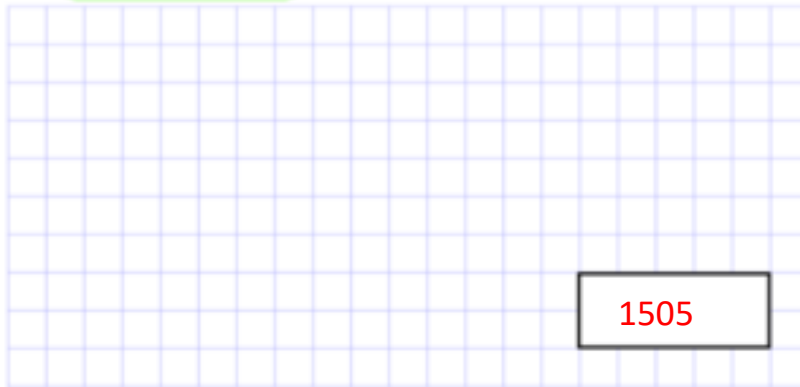

Box 2
